**CLAUDE PARRISH ANNOUNCES LARGEST INCREASE  
SINCE FIRST QUARTER OF 2001  
FOR THIRD QUARTER 2003 TAXABLE SALES RESULTS**

Claude Parrish, Vice Chairman, State Board of Equalization (BOE) announced today that the preliminary statewide calculations for third quarter 2003 taxable sales show an increase over the actual figures for the same quarter a year ago.

BOE estimated that California businesses completed approximately \$115.7 billion in transactions subject to the sales and use tax during the third quarter of year 2003—an increase of about 3.1 percent over the third quarter 2002 final total of \$112.2 billion.

Recent taxable sales and their year-to-year percent changes are shown below:

	<u>1st Qtr.</u>	<u>2nd Qtr.</u>	<u>3rd Qtr.</u>	<u>4th Qtr.</u>
Taxable Sales (millions)				
2000	99,901	110,971	112,490	118,493
2001	104,176	112,318	109,283	115,740
2002	100,957	111,017	112,170	116,805
2003	101,747 (est.)	112,759 (est.)	115,684 (est.)	
Year-to-Year Percent Change				
2000	14.6	13.2	12.0	8.7
2001	4.3	1.2	-2.9	-2.3
2002	-3.1	-1.2	2.6	0.9
2003	0.8 (est.)	1.6 (est.)	3.1 (est.)	

The increase in third quarter sales figures is the largest increase since the first quarter of 2001, a sign that California's economy is recovering.

It is important to note that these third quarter 2003 figures are preliminary, based on raw sales tax receipts tabulated before adjustments for any late tax returns. Figures for cities and counties will not be available for another three months.
